

Subject: Revised Codebook for Budget Center Attribution
From: Financial Systems Support
To: Finance Assistants and Controllers
Date: 1 December 2017
Category: Reference Update

Dear Colleagues,

We've published an updated **Cost Center Codebook**, including revised naming conventions for **project-linked travel accounts**, effective 4 December.

What's New?

- Renamed travel cost centers for projects ending in Q2
 - New fund source tags for EU Horizon 2020 programs
 - Clarified role codes for supervisor vs. fund owner
-

This update does **not affect past records**, but will apply to all claims dated **post-1 December**.

The latest version is available on the finance intranet hub under > Tools & Templates > Codebooks.

Kind regards,

Franziska Baumeister

Coordinator, Financial Systems
